

Welcome to First United Methodist Preschool!!! I am so excited that you are considering our preschool as the place for your child to grow and learn. My desire is that your child grow to love his/her preschool class and come home talking about all the wonderful things they did and learned during their day. Our program offers a wide variety of academic experiences and works to instill a love for God into the hearts of our young students.

Our teachers work hard to make sure that your child is actively learning throughout the day. We plan daily lessons to encourage and challenge your preschooler to learn all that they can about the world around them. Our academics focus on language arts skills, math, science, social skills, art and Bible. We have many fun opportunities for the children to become involved in the classroom, including daily class helpers. You will be amazed at all of the new and exciting things your child will come home talking about!

I encourage you to ask any questions you may have in regard to our preschool. We offer a variety of preschool schedules to meet the needs of families in the Glen Rose community. We are currently enrolling for the upcoming school year and hope you will be a part of First United Methodist Preschool in 2014-2015.

Thank You,

*Lindsay Treadaway*
